## Estro Support

Supports estrogen metabolism and liver function

- Estrogen dominance
- Fibroids
- Endometriosis
- Menorrhagia
- Cervical health
- Breast cancer prevention

 Vegan  Non-GMO  Gluten Free

### PRODUCT DESCRIPTION

Pro Estro Support provides comprehensive support for estrogen metabolism and liver detoxification. This superior formula contains D-glucarate, DIM (3,3'-diindolylmethane), hops extract, choline, and sulforaphane glucosinolate from broccoli extract.

Pro Estro Support reduces the risk of abnormal cellular growth related to estrogen. DIM supports healthy cervical tissue growth. 8PN is a phytoestrogen found in hops shown to reduce abnormal cell growth in breast tissue and interfere with undesirable estrogenic activity. D-glucarate, choline and SGS all support the detoxification of excess or inactivated estrogens.

Additionally, toxins and unbalanced estrogen metabolism are believed to increase the risk of other conditions such as uterine fibroids, menorrhagia, and endometriosis. Pro Estro Support can help support healthy, regular menstruation due to its estrogen-modulating activities.

### AOR ADVANTAGE

Pro Estro Support offers a formula composed of research-based components that encourages the balance of female hormones, supporting healthy estrogen metabolism and the detoxification of excess estrogen metabolites.

#### NPN: 80091873

60 capsules

AOR 34297

#### Serving Size:

Two capsules

#### Medicinal Ingredients:

LIFENOL <sup>®</sup> † Hops extract	120 mg
Calcium D-glucarate	150 mg
DIM (3,3'-diindolylmethane)	108 mg
Choline (bitartrate)	27.6 mg
Broccoli extract	300 mg

†LIFENOL<sup>®</sup> is a registered trademark of Naturex, Inc.

\*Produced under patent US2006/010032 licensed from Caudill Seed Inc

#### Non-medicinal Ingredients:

Microcrystalline cellulose, silicon dioxide

Capsule: hypromellose

#### Adult Dosage:

Take two capsules daily with breakfast, or as directed by a qualified health care practitioner. Do not crush, blend or mix the capsules.

Swallow the capsule whole.

#### Complementary Products:

Pro Phase II Detox, Pro Vitex

#### Cautions:

Consult a health care practitioner if you have symptoms of low estrogen (such as joint pain, mood changes, change in libido, hot flashes, night sweats, vaginal dryness or irregular menstruation). Consult a health care practitioner prior to use if you are taking blood thinners or natural health products. If sleeplessness (insomnia) occurs for more than four weeks, if you develop liver related symptoms (e.g., yellowing of the eyes or skin, dark urine, abdominal pain or jaundice) or symptoms of low estrogen, discontinue use and consult a health care practitioner. To exclude the diagnosis of a serious hormonal imbalance, consult a health practitioner prior use. Do not take if pregnant or breastfeeding. Consult a health care practitioner if you are attempting to conceive, taking hormone replacement therapy, birth control pills or other medications, if you have or are predisposed to cancer or a liver disorder, if you develop liver related symptoms (e.g., abdominal pain, jaundice), depression, or related diseases, if symptoms persist or worsen or for use beyond three weeks. Consumption of hops with alcohol, other medications or natural health products with sedative properties is not recommended. Some people may experience drowsiness. Exercise caution if operating heavy machinery, driving a motor vehicle or are involved in activities requiring mental alertness. Discontinue use and consult a healthcare practitioner if you experience joint pain or hot flashes or if you experience irregular menstruation.
