Natural antioxidant and bioflavonoid

- Allergies
- Immune support
- Antioxidant
- Cardiovascular health
- Rheumatoid arthritis
- Pain relief
- Blood sugar balance

 Vegan  Non-GMO  Gluten Free

PRODUCT DESCRIPTION

Quercetin is a flavonoid antioxidant with many anti-inflammatory properties. Pro Quercetin is effective in the management of hypersensitivity reactions (type I IgE-mediated reactions) that cause a histamine release, such as seasonal allergies.

Quercetin alleviates allergies by stabilizing the membranes of mast cells and basophils, preventing the release of histamine. It also blocks enzymes responsible for producing inflammatory mediators that sensitize the body's pain receptors.

AOR ADVANTAGE

Most quercetin-based formulas are derived from citrus sources. This may be problematic as citrus is commonly allergenic. Pro Quercetin is derived from citrus-free sources to avoid sensitivity reactions. Pro Quercetin also includes 20 more capsules than AOR's Quercetin to support longer therapeutic treatment schedules.

NPN: 80007930

120 capsules

Serving Size:

One capsule

Medicinal Ingredients:

Quercetin

Source: Dimorphandra mollis (citrus-free)

Non-medicinal Ingredients:

Microcrystalline cellulose, sodium stearyl fumarate.

Capsule: hypromellose

AOR 34311

Adult Dosage:

Take one capsule twice daily with food, or as directed by a qualified health care practitioner.

Cautions:

Do not use if you are pregnant or breastfeeding or longer than 12 weeks.

Complementary Products:

Pro Lipoic Acid, Pro PEA + ALA, Pro Green Tea
