

UltraFlora® IB

Probiotics that temporarily modify gut flora

Form: Capsules

Flavour: no flavor

Size: 30 Capsules

Ingredients

Amount

Each capsule contains 60 billion CFUs¹:

<i>Bifidobacterium lactis</i> Bi-07 ^{††}	30 billion CFUs
<i>Lactobacillus acidophilus</i> NCFM ^{††}	30 billion CFUs

Non-Medicinal Ingredients: Cellulose, hypromellose, magnesium stearate (veg), and silicon dioxide.

Recommended Dose: Adults take 1 capsule daily or as directed by your healthcare practitioner. Take at least 2-3 hours before or after antibiotics.

Recommended Use: Source of probiotics to help support intestinal and gastrointestinal health. Helps promote a favourable gut flora.

Caution: Do not use if you have an immune-compromised condition (e.g. AIDS, lymphoma, patients undergoing long-term corticosteroid treatment). Discontinue use and consult a healthcare practitioner if symptoms of digestive upset (e.g. diarrhea) occur, worsen, or persist beyond 3 days. Consult a healthcare practitioner prior to use if you have nausea, fever, vomiting, bloody diarrhea or severe abdominal pain. Best if kept refrigerated. Do not use if perma seal is missing.

This product is non-GMO, gluten-free, and vegetarian.

¹Colony Forming Units of total blend at date of expiration.
